

STREETFEST 2010
Saturday, Sept. 17 1-5pm
Location: Redfern Park and Leighton Street (Leighton Street at the end of Redfern, between Amphion and Davie)

Streetfest is a special event that takes place in the South Jubilee neighbourhood every year. It is hosted by the South Jubilee Neighbourhood Association. Streetfest's mission is to celebrate community and strengthen neighbourhood resilience through promoting fun, friendship and learning at the local level. Everything at Streetfest is free (although we do happily accept donations).

Get ready to be amazed and have fun!! This year at Streetfest, you can enjoy:

Lots of great live music, storytelling, and dancing in the street

- free food (corn on the cob) and locally made sodas
- Fair trade coffee and tea provided by Ten Thousand Villages (by donation, proceeds to Mitchell House) - street games (road hockey!) & activities for children
- A free raffle with tons of amazing prizes donated by local businesses
- yummy sweet and savory treats from the baking table (bring something to share or enter our baking contest - kids, too!)
- samplings of truly local food at our cornucopia garden produce exchange table (bring your backyard bounty to share!)
- A photo contest, a mural project, pole painting projects, a pet parade, and more!!

Streetfest is made possible through a network of volunteers that plan and host the celebration, through

financial support from the City of Victoria and through donations from local businesses and residents. Bring your friends, your baking, and a blanket or a lawn chair, and come spend the afternoon with your neighbours....

ALL WELCOME

Please note:
 Leighton Road at Redfern Street will be closed to car traffic for the duration of the event.

Car Share now in our neighbourhood!!

The Victoria Car Share is a member-owned, not-for-profit, co-operative organization, delivering high quality car sharing services to Victorians since 1996.

What is car sharing?

It's an alternative to private car ownership, we offer "pay by the hour" use of a fleet of 22 cars, trucks, and vans. Car sharing is a major piece of the sustainable transportation puzzle, taking cars off the road, and helping people live healthier and more environmentally and financially sustainable lives.

We just put a 2010 Nissan Versa Hatchback at Jubilee Esso, near Oak Bay Junction. To help promote this fleet expansion, we are offering a \$25 driving credit to new members.
