October plastic recycling setup in monsoon rain

Recycling Update: I thought our January recycling day was the wettest ever. Well, I think maybe October beat out January. We were soaked just setting up the tents and bag buddies.

NOTE: We can no longer accept *mesh bags* that things like onions and oranges come in. Apparently these bags cannot be recycled. Check the SJNA website <http://southjubilee.ca/> for more info/details.

Note: Local Development Proposal

There is a proposal to change the old O'Beans Cafe site at the junction of Oak Bay Avenue and Fort Street (1609 Fort Street) to a retail liquor store specializing in regional (BC) wines and beer.

This proposed change requires a community meeting to give residents an opportunity to voice their opinions on the proposal. (Note: This is #2 on Nov. 10 SJNA meeting agenda, see previous page.)

Plastic Recycling

2nd Saturday of every month

Next plastic recycling is:

Saturday, November 8th

10am – noon

Victoria College of Art parking lot

(Bank and Leighton)

Farewell to Shellie Gudgeon

As you may know, Shellie Gudgeon is not running again for City Council. She has been our councillor for three years and in that time has come to almost every meeting and plastic recycling day plus many other events in our neighbourhood.

Shellie pitched in to fight for Sundance School and she's kept us informed about events at City Hall that might affect our neighbourhood.

I've been in this neighbourhood for over 20 years, and I cannot think of another city councillor who has worked so tirelessly for our neighbourhood.

Thanks, Shellie, for all you have done for us.

We will miss you!
