

Volunteer Needed to Lead *Get Growing!* plant distribution

Get Growing, Victoria! has been made possible in South Jubilee because of the leadership from Kathleen Laird and the amazing volunteers to help manage the distribution days. As Kathleen will be quite busy with the build phase of the new community garden, we're looking for a *Get Growing, Victoria!* champion to help lead the neighbourhood distribution day(s).

Right now, we are hoping a South Jubilee Neighbourhood Distribution Day could be hosted on **Saturday, June 4.**

Here is the partnership process in a nutshell:

- The City of Victoria provides a \$1,000 *Get Growing, Victoria!* Service Grant and contract outlining deliverables to the SJNA for the stewardship of hosting the Neighbourhood Distribution Days (one in spring and one in
-

summer). The funds can help cover honorariums for someone leading the program in SJ, cover the cost of printing for any additional signage, purchase tables or tents (Note: South jubilee has tables and tents available), etc.

Get Growing Partner Organization requirements:

As a potential partner organization of Get Growing, the requirements of the organization are as follows:

- Assess demand: ensure eligibility criteria is prioritized, field questions and assess interest within the community that you serve
- Seedling Orders: identify the quantities of seedlings required to support your community and complete the order form with the City
- Transportation: City of Victoria will deliver the seedlings to your neighbourhood distribution site
- Distribution: distribute seedlings in a manner that follows COVID-19 safety protocols (new PHO might not require this)
- Education and Stewardship: Compost Ed Centre will support the distribution day partner organizations by being onsite with resources and materials
- Evaluation: provide feedback on program impacts and areas of improvement

Since Kathleen has run this program for two years, she can provide guidance on what's required. A list of neighbourhood volunteers is available.

Please contact us at board@southjubilee.ca if you're interested in leading this awesome project or if you want more information! It's a great way for the neighbourhood to come together twice a year!
