A Word from Your Association

Dear friends and neighbours,

In the quiet of our neighbourhood, we hope this newsletter finds you safe and sound. As you can imagine, our April meeting and recycling event are cancelled.

We had planned a series of community events; you probably saw the posters around our neighbourhood. The April event is also cancelled. Meanwhile we would like to thank all the volunteers who braved the wind and the cold to make the March event a success.

Yet we are not remaining idle. We have initiatives on the go such as a Facebook page, SouthJubileeFavourExchange (see article in this newsletter). We would encourage you to participate in our traffic survey to help us plan for the future even if our streets are so quiet for the time being (see details in the newsletter).

In this unusual time, please think about supporting the small local businesses that are still open like our local fish store, butcher shop, small grocery stores, and some of the great take-out places in our neighbourhood. Get the kids to make art for the front windows, make noise for hospital workers at 7 p.m., and begin dreaming of community building events we can do in the recovery phase of this crisis.

We are still planning for the RedFern Parkfest in September and would love to have everyone involved, so please share your ideas with us.

Finally, we urge you to keep in touch with your neighbours by phone and other technology tools. With everybody's support, we will get through this crisis.

~ Matt Dell, Fell Street, President SJNA

South Jubilee Facebook Group

Hey, South Jubilee. What a difference a month makes! We can see the covid-19 data from the countries where it hit first and it's clear that locking down quickly and maintaining social distance can flatten the curve. But as we ride this out at home, how do we know if the people in the houses across the street are all doing okay?

Facebook isn't everyone's thing, but it is big, and lots of us are on it already. A group has been created called SouthJubileeFavourExchange.

If you want to help someone, but don't know who needs help - this group is for you.

If you need help but can't get it from the people you usually look to - this group is for you.

~ Graham Stinson

Traffic Survey

Many of you have raised concerns about a variety of traffic-related issues in the area, including but not limited to, separate bike lanes, cross-walks in areas such as near the Red Barn, traffic calming, connectivity to other parts of the city, and so on.

We would like to start collating and organizing all of this information in a way that makes some sense. Please take 2 minutes to fill out this survey and ask others in South Jubilee to do the same.

You can find the survey:

- on our website (<http://southjubilee.ca>) or at
- <https://www.surveymonkey.com/r/6N5LXTD>

Thank you for your participation.

Update: Development of 1920 Oak Bay Ave (GardenWorks)

In an effort to enhance our application, our team at Jawl Residential has been working diligently with City staff to incorporate comments that were provided as part of our submission process in 2019. After responding to and addressing such comments, we resubmitted our application back into the City on March 5th, 2020.

We will look to receive further feedback once the application goes to the Advisory Design Panel. As well, it is our hope to attend future South Jubilee community meetings to provide residents with another update on progress, and any changes that may arise from the design review process.

As always, should community members wish to provide feedback or want further information on the project, they can

send an e-mail to pjawl@jawlresidential.com. Thank you.

~ Peter Jawl

Nextdoor

Many of you have received a flyer from Nextdoor South Jubilee. This service may be quite useful for those who have signed up.

However, please note that the South Jubilee Neighbourhood Association is not involved with this service.

STAY IN TOUCH! KEEP INFORMED!

Check our website and sign up for our electronic notification at www.southjubilee.ca
